Amounts based on 20 individuals/families tithing on an average net estate of \$500,000 used for demonstration purposes only they do not necessarily reflect actual returns.

Each church and its local members of believers can use the benefit of economies of scale and Investment synergy to have larger ministry impact . By providing a tithe (10%) as part of an estate plan to a Legacy Inspired God Honoring Trust (L.I.G.H.T.) fund, individual Christians can continue to be a “light to the world” even after going to be with the Lord.

Examples of a Ministry Cause:

Local Church Support

The Cooperative Program

State, National, and Worldwide Ministry offerings

Scholarship programs

Benevolence Work (for example: feeding, clothing, and general assistance for individuals in need)

This list is just a small sampling of different types of ministry causes that are available for consideration in impacting the world for Christ.
